

Festool Domino Joiner Checkout Protocol and Workshop

 Jon Goplerud · Last updated Dec 31, 2022

Checkout Protocols for the Festool Domino 500

To use the Festool Domino joiner you must complete a 45-minute workshop. Members are to demonstrate they reviewed Festool's Domino User Manual sections that explain set-up and basic functions and watched two tutorial videos listed below. There is no fee for the workshop.

Checkout process:

During the checkout you will be shown and will practice the following joining applications:

- Edge joint
- Butt box joint
- Carcase butt joint
- Miter box joint
- Frame joint

Note: You can purchase dominos from the woodshop at \$0.25 each, payable at the Makers Basket kiosk terminal. (Minimum kiosk transaction is \$1.00)

Pre-workshop material to review.

Festool User Manual sections to be reviewed:

- Setting up the Domino Joiner: Pages 9-13
- Working with the joiner: Pages 13-14
- Joining applications: Pages 18-21

Videos to become familiar with prior to the checkout:

- The official Festool introduction video, which covers all the features.

<https://www.youtube.com/watch?v=sD2QxrWuvJk>

- Produced by Sedge (you will love the Boston accent): The video is helpful in showing some of the quirks of using the machine, some helpful reference faces on it, the types of things you aren't likely to pick up on if someone didn't show it to you.
