

Lowell Makes

Cosplay

The Cosplay Shop at LM is a one stop shop for everything costume & prop related. With multiple large 4 x 8 standing tables pre-treated with self healing mats you can get right to work on them without any prep or need for cutting mats of your own. There are also a plethora of tools at your disposal, from power tools like heat guns, rotary sanding drums, hot glue and the likes to specialized tools like leather/foam die-cutters, foot press rivet & skivers, not to mention the basics like blades, scissors, large metal rulers, contact cement & more. The shop is frequented by cosplayers of all different backgrounds and skill levels so there is always a friendly face to get you out of a creative bind, geek out over concepts or even help take your project to the next level!

But best of all, get acquainted with skilled cosplayers just like you, that you can bounce ideas off of or can help take your props/costumes to the next level.

What's In The Shop?

Quick Links

Captains/Co-Captains:
