

All Basecamp Teams

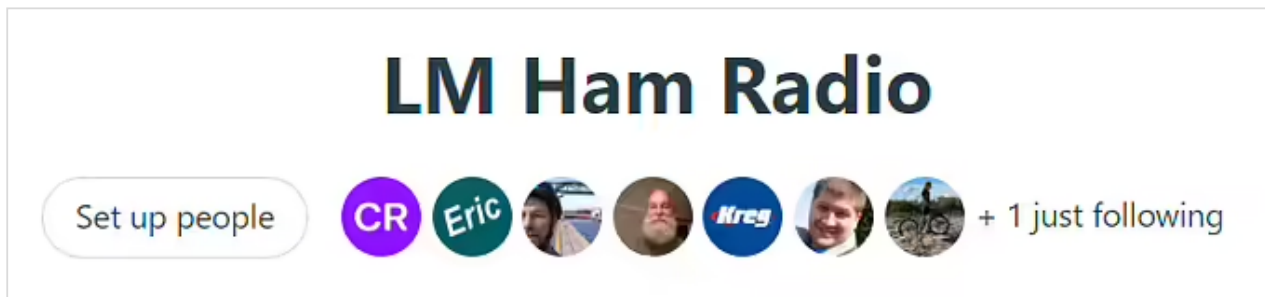

Mike Rushton Last updated 9:28pm

Hey! So you want to know what else is out there on Basecamp? Here's a list of our current Shops, Teams and Event pages. Click the link to join each Basecamp. If it says Ping someone to join, send them a message and ask to join!

How this page works: Clicking a link below will *automatically* add you to the Basecamp Team/Project. It will then appear on your **Home** menu, but you will **NOT** get alerts in your **Hey!** menu unless you are tagged.

How to get Hey! alerts: If you want new posts to appear in your **Hey!** menu, you need to change yourself from "Just following" to "On the team." This can be done by clicking the "Set up people" button on the Team page. Then find your name and change "Just following" to "On the team"

Click "Set up people" to change your alerts

Find your name and change "Just following" to "On the team"
