

## Commissions and Job Requests

This basecamp is for anyone who is interested in taking on commissions. These commissions and job requests are sent to Lowell Makes by email or our contact form. We will post the information on the message board. Please comment if you will be taking the job. First person to comment has priority for that job - comment before you reach out to the interested customer. Lowell Makes is only facilitating this request and is not responsible for invoicing, billing, shipping or ensuring the product is delivered. If you wish to donate your profit, you can donate it to Lowell Makes or to a specific shop.
