

# Woodshop

The LM Woodshop is a 3,000 sq ft space featuring a lathe room, bench room, finishing room and a power equipment room. A fully equipped woodshop serves the project needs from the beginner to the professional woodworker and all experience levels are welcome to join the shop. Half our members come in with no woodworking skills but plenty of ideas, so whether you are an experienced professional, an eager newbie, or anywhere in between, you'll fit right in!

We offer two levels of checkout, one for those who just want access to the shop and its hand tools, sanders, and drill press, and a second check out level for those who want full access to our equipment. For more information on how to get checked out, skip to the Checkouts section. The shop also offers paid educational workshops to train members to safely operate the power equipment.

## What's In The Shop?

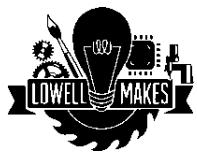

The woodshop has a huge number of tools ranging from professional heavy equipment to simple hand tools and everything in between! Check out the lists below to see what we have available.

## Rikon Tools

In 2020, [Rikon Tools](#), one of our corporate sponsors, donated several new power tools to the Lowell Makes Woodshop. These tools included: a 25" wide planer, two bandsaws, two drill presses, an edge sander, disc and belt sanders, blade sharpening equipment and dust collection for all of it! In the lathe room, Rikon Tools also donated 2 full size lathes and 4 mid-sized benchtop lathes.

We've got a ton of power tools in the woodshop. Check out all the equipment we have available to our members!

Lowell Makes

9" Bandsaw (BS900)

Rikon Variable Speed Grinder (80-800VS)

# Checkout Info

Using the woodshop requires a checkout. All members, regardless of previous experience or skill must take a checkout course and demonstrate their ability to use the equipment safely and responsibly.

There are 2 checkout levels in the Woodshop:

- **Level 1** provides access to the shop and the use of the miter saw and drill press as well as the sanding area, hand tools, etc.
- **Level 2** provides access to all the power equipment. For Level 2, you will need to demonstrate proficiency in operating all the power equipment.

Level 1 and Level 2 checkouts are conducted Wednesdays at 7:00pm. Signup is required by notifying the Shop Captain or emailing [woodshop@lowellmakes.com](mailto:woodshop@lowellmakes.com).

Need training before check out? [Register for a skill development workshop.](#)

[The Machinery Fundamentals class](#) is a two-part workshop held monthly to train members on the proper use of the woodshop equipment. Workshops are limited to Lowell Makes members.

## Still Have Questions?

Still have questions about the Woodshop? Reach out to our woodshop team by contacting them at [woodshop@lowellmakes.com](mailto:woodshop@lowellmakes.com) or on Basecamp.
